## Boarding Services

A clean, friendly environment for your pets while you are away

# Picture Your Pet's Boarding Experience

~ 10-15 minute walks around our beautiful neighborhood twice a day with extra playtime available.

~ Our kennel staff is always alert to potential behavioral or medical problems that may arise while you are away. All health issues are promptly forwarded to the on site veterinary staff.

~ We offer boarding for animals with chronic health conditions (i.e. diabetes) or special dietary requirements.

~ We provide cozy blankets to keep your pet comfortable, along with toys, treats and an energetic staff to keep your pet entertained.

~ Spacious holding areas that are thoroughly cleaned twice daily.

~ Report cards sent home with our canine guests so you know exactly how they did while you were away.

~ In addition to boarding cats and dogs, we also offer limited boarding for birds and other exotic pets.

## Extra Services

~ Professional Bath & Brush Includes soothing bath and blow dry, toe nail trim, ear cleaning, and glands expressed. We also provide soothing aloe shampoo and conditioner or a medicated bath based on your pet's needs. Our bath and brush services are available to pets staying with us or by appointment.

~ Shed-less Furminator Treatments to help virtually eliminate shedding for a happier pet and home. Have your pet 'furminated' while they board with us or just make an appointment to drop them off for the day.

~ Additional playtime is available in 15 and 30 minute sessions once a day, twice a day, or every other day. Playtime includes things such as extra walks in our scenic neighborhood, playing with our energetic staff and fun toys, socializing with other dogs, and 'cuddle time' for less active pets.
